

IPMA
In-Plant Printing and Mailing Association®

Select from 312 Certification Testing Sites throughout the United States

Once you have applied and been accepted by IPMA to take the certification exam, your next step is to determine a testing location. IPMA conducts the test annually at our educational conference at no additional cost, or you may locate a testing center near you by visiting

The National College Testing Administration (NCTA) site locator at:

<https://ncta.memberclicks.net/find-a-cctc-participant>

NCTA's Consortium of College Testing Centers is the largest network of independent testing centers in the country offering 312 facilities in 45 states. NCTA's mission is the promotion of professionalism and quality in the administration of testing services.

Please Note: Applicants are responsible for all fees required to administer the exam at a site convenient for you. Each center sets its own sitting fees. If there are several centers in your area, you are encouraged to contact more than one site to determine the best pricing available.

The site selected must be equipped to provide on-line, web-based examinations. Once you have determined the best site for you and selected a date & time,

contact IPMA at 816.919.1691

IPMA administers each test with testing centers M-F 8:00 am – 4:00 pm CST/CDT.

Any weekend testing will need pre-approval by IPMA.

103 North Jefferson Street, Kearney, MO 64060 Phone:
