

# PARKING INFORMATION

## 2022 IPMA Roadshow at Iowa State University

Visitors to Iowa State University campus are not exempt from parking regulations. They must either park at a parking meter, pay by stall lots or obtain a visitor permit and park in the proper lots. Be sure to plan ahead and know what your options are for parking BEFORE arriving to campus. Your vehicle may be ticketed and towed if parked incorrectly without a proper permit. More information here: <https://www.parking.iastate.edu/visitor>

It is strongly recommended that you purchase a parking pass through ISU Parking Division here: <https://www.parking.iastate.edu/visitor/permit>  
One of the best parking lots to use, would be **Lot 29**, shown below. This should provide the best parking for access to **Hach Hall** and for the tour of **ISU Printing Services**.

If you have questions about parking, please contact  
Iowa State University- Parking Division
